AN ESTIMATE

Will be Secured Immediately of the Cost of Bringing Gas to the "Big Town" and District.

Another meeting to consider the question of bringing natural gas to Grimsby was held in the Council Chambers on Monday evening, Nov. 17, and was fairly well attended.

All the members of the Village Council were present and the Reeve occupied the chair.

Messrs Hill and Melick, representing the syndicate which now owns the new gas field near Winslow, in the Township of Caistor, were present.

A discussion of the gas question followed along the lines of previous meetings and further information was given by Messrs Hill and Melick with regard to the present situation of the gas field.

A syndicate of gentlemen who have been testing the new gas field, have at present, leases on four thosand acres of what appears to be good gas territory. They have already seven first class wells drilled and flowing.

Messrs. Hill and Melick stated that if a company were formed that they had no doubt that they could sell at least fifty per cent. of the stock in the neighborhood of the gas fields to men who knew the fields and knew the possibilities of them.

After a full discussion, it was moved by Jas. A. Livingston, seconded by Councillor Bourne, that a committee consisting of Reeve Johnson, Councillor Walker, Reeve Smith, of North Grimsby and Messrs Hill and Melick, Pottinger, Moffatt, Grout and Swayze be appointed to prepare an estimate of the necessary expenditure necessary to purchase the leases and present flowing wells of the gas field and lay a four inch pipe line to Grimsby and a two inch pipe line to Smithville and install services in the two villages, also to prepare an estimate of the prospective annual receipts from sales of gas and annual cost of maintain-

PUTTING ROOF ON POST OFFICE

Mr Jas. Blamey Has Gone to Bracebridge, His Place Being Taken by His Br

At last the roofers have arrived and are working on the new post office. The front part of the main building and the west side have already been roofed. The back and east side and the top will be finished by the end of this week, after which the tower will be started on. Monday was some beautiful day to be working on the side of a roof about as steep as you could wish for, but the two nervy roofers worked all day as if they were on the ground instead of hanging by their teeth to a narrow ledge, with a thirty foot drop to the ground.

The cess-pool at the rear of the lot is finished and the tile drain from it to the septic tank has been put in and the drain filled up.

Workmen are now digging a drain all around the building for a tile to drain the property into the big drain which will be laid on Depot St.

Mr. Jas. Blamey, who has had charge of the construction work on the building ever since the first sod was turned last April, left on Friday last for Bracebridge, where he will have charge of a large Government building in that town. "Jim" was well liked in Grimsby and we are sorry to see him go, but not any more than he was to leave. He said before leaving that he had worked in towns all over Canada and a good portion of the States, but never in his great experience as a builder, had he ever been in a town that he liked so well, and that he hated to leave so badly as he did Grimsby.

Mr. Wm. Blamey, a brother of James, has been placed in charge of the building here. "Bill" like his brother has been on the job all summer, and is also a master builder and well able to take charge of the work.

Widows and Orphans Fund Opened in Grimsby

A fund for the widows and orphans of the sailors and gallant seaman who lost their lives on the great lakes on Sunday, Nov. 9., has been opened in Grimsby.

On Monday Reeve Johnson received a telegram from Mr H. H. Gildersleeve, of Toronto, General Treasure of the Fund asking the Reeve to be an Honorary Treasurer and to help the fund along.

The Reeve called a special meeting of the Council on Monday night and on motion of Councillors Walker and Mitchell a grant of $25.00 was made to the fund.

A subscription list has been opened in the Reeve's office, and all who wish can leave their contribution towards the bereaved and suffering widows and orphans there and it will be duly forwarded to Toronto. The list will only be open for ten days

The storm which clained close on to three hundred lives of Canada's best and hardiest men, was the worst that ever raged on the great lakes in the remembrance of the oldest mariners.

Many are the heart-broken widows, mothers, fathers, brothers and sisters. Many are the orphans, left behind to see their "Daddie" no more

A great many of these widows and orphans left behind, have no one to look to for aid, either financially or otherwise in their great and sudden bereavement, and the Dominion Marine Association has taken it upon itself to start the subscription towards helping them out of at least part of their distress.

The widows and orphans of these brave sailor-men are deserving of all the help they [illegible] husbands and fathers who died, at their posts during that great hurricane were to a great extent the backbone of Canada's trade and commerce.

It is up to every citizen of Grimsby to help along this worthy cause.

PUBLIC MEETING TO-NIGHT

A Public Meeting to Discuss the Winery Site By-Law will be Held in Council Chambers

Tonight (Wednesday) is the night of the public meeting in the Council Chambers to discuss the Winery Site By-law.

The meeting is called for eight o'clock and all ratepayers are urgently requested to be present and hear the exact proposition that the Pelee Island people made to Grimsby. What Grimsby is getting for its money and the benefits this factory will bring to Grimsby and the surrounding country.

On Friday, the vote will be taken. The polls will open at nine o'clock and every ratepayer should turn out and vote and do it early.

The polling places are:

North Ward—Grimsby chopping mills, W. F. Clarke, D. R. O.; Fred Lane, Poll Clerk.

Centre Ward—Council Chambers, C. H. Kirk, D. R. O.; John Blair, Poll Clerk.

South Ward—D. E. Swayze's office, Geo. E. Alexander, D. R. O.; Fred Sheppard, Poll Clerk.

The polls will close as usual at 5 o'clock.

The by-law is for the sum of $1875 for the purchase of the Chas. Davis property on Livingston Ave. and is to be paid in debentures of $445.12 yearly or a total of $2225.60 in five years.

ABSOLAM PAYS US A VISIT

The Greatest Real Estate Agent the World Has Ever Known, Disturbs the Tranquillty of Our Sanctum

On Monday of this week, the quietude of our sanctum was disturbed by a visit from that great and noble gentleman, Mr. Absolam Bonaparte Tufford, C. C., of the beautiful little Village of Beamsville.

Absolam opened up his rapid fire word gun on us, and for a moment or two we were mighty busy dodging big words and expressions that we knew nothing about.

Of course, Absolam was strong on the real estate stuff, but found time between gasps to inform us that Beamsville had neither beer nor water and that Grimsby had stolen the winery and he didn't know what the Beamsvilleites were going to do for liquid refreshments.

Ab. says he has the world by the ears when it comes to selling real estate and we believe him. Last week he put over a couple of big deals, exchanging a four hundred and fifty acre farm at Attercliffe for a nine hundred and fifty acre ranch south of Edmonton, Alta. He then moved over to Sennaca township, where he exchanged a two hundred acre farm for twenty-two lots in the City of Hamilton. Next, a fifty-seven acre farm in Clinton township for lots in the City of Hamilton and moreover, he sold a house and lot in Beamsville for a big price. Ab. sure is a real estate kid.

Before leaving us, he politely informed Ye Ed. that the day was not far distant when he would be counted as a resident of Grimsby. We told him he was making a wise move, as Grimsby was the town of towns and it was boosters like Ab. that we were hunting for.

Oh yes, we asked Ab. if he would be a candidate for the [illegible]'s chair in Beamsville next January, but he refused to commit himself.

Football Boys Have

A Banquet

Grimsby's Rah-Rah Laddies and Their Victorious Foot ball Team Make Merry

AT VILLAGE INN

Where an Excellent Banquet Was Held on Friday Night Last, Intermingled With Song and Story

BLUE AND BLACK

Was Carried to Victory Seven Times Out of Nine During the Past Serson. Boys Earned Their "L"

The first annual football supper of the Lake Lodge boys was held at the Village Inn on Friday evening, last, and was certainly a success in every way. This is the first supper of the kind that the boys have had and it was started at their own request.

The headmaster, Mr. W. J. Drope, was in the chair and over twenty sat down to the table. The meal was enlivened by selections on the piano and popular songs. A short toast list had been prepared and the following toasts were proposed: "The King," "The School," and "The Team." The Vice President, C. L. Bailey, proposed the toast to the school in a few words. In reply, the headmaster gave the history of Lake Lodge School footfall since its inception, 17 years ago, and congratulated the team on their successful season. The other masters present were also called upon to say a few words.

The toast to the team was then proposed by Mr. Jones, to which the captain, J. D. Watt and other members of the team, replied

In conclusion, Harold Drope was called upon to make a speech, as he was the only representative of the old boys present. An excellent menu had been provided and the evening was enjoyed by all.

The following are the results of the school matches for this season:

First Team

Oct. [illegible] L.L.S. vs Appleby, won 24-21

Oct. 15 L.L.S. vs Ridley III, lost 4-7

Oct. 29, L.L.S. vs Appleby, won, 32-16

Nov 5, L.L.S. vs Ridley III., won 23-19

Second Team

Sept 26, L.L.S. vs Village Jrs., won 56-[illegible]

Oct 25, L.L.S. vs Ridley Jrs., won 41-10

Nov. 1, L.L.S. vs Ridley Jrs., won 31-0

Third Team

Oct. 22, L.L.S. vs Ridley Jrs., lost 10-20

Nov. 4, L.L.S. vs Ridley Jrs., lost 10-20

Nov 4, L.L.S. vs Ridley Jrs., won 26-6

Facts and Fancies

By Frank Fairborn

At this writing, Tuesday, Nov. 18, it looks as if within a short time, the roar of the American cannon and the bugle call of the United States' troops might be heard in Mexico.

• • • • • •

Dispatches from Mexico this morning, indicate that President Huerta is taking the bull by the horns and intends, almost immediately, to destroy the railway between Mexico City and the port of Vera Cruz. This would cut off all Americans and other foreign citizens residing in the City of Mexica, from communication with the outside world.

• • • • • • •

It is possible that marines will be landed from British warships to protect the railway.

• • • • • • •

It is true that war has not been declared on either side, but crowds are marching the streets of Mexico City cheering for Huerta and cursing the Americans.

• • • • • • •

Huerta has expressed the opinion that surely the United States will not attempt such a suicidal thing as war with Mexico.

• • • • • • •

My opinion of Mexico is the same as it has always been, and that is that the United States should civilize it by force of arms, if it took five million men to do it.

• • • • • • •

It is an impossible situation that any part of the American Continent should continue in the state of turmoil, ignorance and bloodshed in which Mexico is now steeped.

• • • • • • •

I do not think that the United States has any idea of sending troops into Mexico with a notion of conquest, but the occupation of that country with American troops for the next five years would certainly work wonders as a civilizing influence.

• • • • • • •

In my opinion, the time has come when the lazy, shiftless, murderous Mexican should be put out of business, and that he should either go to work and develop his own country and allow citizens from other countries to develop it, or else shuffle off the mortal coil, either by the bullet or the rope route.

• • • • • • •

It is very amusing to me to read the accounts of the milk strike that is going on in the City of Hamilton, and it is more amusing to me to see the ridiculous position taken by Mayor Allan.

• • • • • • •

Mayor Allan is doing nothing more or less than playing to the grandstand in order to get a little cheap popularity by trying to force milkmen to deliver milk for less than it is worth, to the people of the City of Hamilton.

• • • • • • •

Milk is like every other commercial commodity on the face of the earth. If it could be produced easily and cheaply and profitably, there would be so many people in the business that there would be no complaints of dear milk. But the fact of the matter is that there is no commodity which enters into the bill of fare in the ordinary household that is so difficult, so costly and so profitless to produce, as milk.

• • • • • • •

When Mayor Allan gave expression to his ideas on the milk question, when some of the milk producers called on him the other day, he only succeeded in revealing his vast ignorance of the question of producing milk.

• • • • • • •

Mayor Allan is reported in the Hamilton newspapers as saying. "There is no reason that milk could not be delivered in Hamilton, from house to house, at eight cents per quart, as grass grows just as cheaply as it ever did and feed is almost as cheap as it was several years ago, when milk was only retailing at five or six cents per quart."

• • • • • • •

Mayor Allan would not have made this statement had he known any better, but his ignorance of the question of producing milk is so great that he imagines things to be facts which are not facts, and he imagines conditions to exist which do not exist at all.

• • • • • • •

When Mayor Allan states that grass grows as cheaply now as it ever did, he states something that is absolutely untrue and misleading. As a matter of fact grass does not grow as cheaply as it ever did, and the trouble is that many years it does not grow at all in sufficient quantities to be of any particular use to the producers of milk.

• • • • • • •

I can remember the time when farmers would turn out their cattle on the fifteenth or twentieth of May, into grass almost up to the cows' eyes and what with their pasture fields, the after-grass on the meadows, the after-grass on the stubble fields and the revival of the pasture fields with the fall rains, the cattle would run in first class pasture from the middle of May to the first of November, and in open falls, even to the middle of November or the first of December.

• • • • • • •

This meant that the dairymen or the farmers had six months of good pasture for their cows out of every year, and that was not all. When the winter started in, the cattle went into the barns in splendid order and found big straw stacks, big mows of chaff and lots of hay and rough feed to carry them through the winter, so that such a thing as a farmer buying feed was scarcely ever known.

• • • • • • •

What are the conditions today as far as the milk producer is concerned? There is just as radical a change as the change has been in the cities, from the light of the coal oil lamp to the brilliant electric light.

• • • • • • •

When a farmer turns out his cows into the pasture field in the middle of May now-a-days, the pasture is good sometimes, and sometimes inferior, but whether it is good or inferior at the middle of May, by the middle of July the pasture field is generally as bare as a floor and as yellow as a duck's foot. Not only is this so, but unless it is a very wet season, the amount of after-grass in the meadow lands is very light indeed, and as for the after-grass on the stubble fields, it amounts to little or nothing.

• • • • • • •

The result of all this is that farmers who formerly had only to feed their cattle in the barn about six or seven months in the year, now have practically got to stall feed them nine or ten months in the year, and it is not uncommon for farmers to cut green fodder as early as July for their cattle, and to continue to do so right through August, September and October.

• • • • • • •

The long dry spells burn up the pastures and the meadows and when rain does come in terrific electric storms, the ground is hard and the rain rushes quickly to the drains and creeks and is carried off in a few hours, and is not absorbed by the pasture and meadow lands as it formerly was, when the soil was richer, newer and more loamy.

• • • • • • •

In the next place, in former days help on the farm was plentiful wages were low during the summer months, and it was no uncommon thing in the winter months, for farmers to be able to get their cattle attended to by men who were willing to work through the entire winter for their board, but now-a-days, the farmer, and especially the dairy farmer, finds it almost impossible to get help, either summer or winter, and is compelled to pay highest wages.

• • • • • • •

Nor is this all. In former years the farmer was able to raise nearly all rough grains, hay and straw on his own farm, that was required to carry his stock through the winter, but today, what with dry season and other drawbacks, as a general thing, the farmer has to purchase hay and straw to feed his cattle through the eight or ten months when they have to be stall fed.

• • • • • • •

Not so many years ago, horses were very low in price, and the capital invested in a horse was very small. Today a horse of almost any kind, brings two hundred dollars in the market and there is nothing that causes greater wear and tear on horse flesh than the milk business.

Mayor Allan says that feed is about the same price now as it formerly was. Mayor Allan does not know much about it, because there is no kind of feed which is not higher in price today than it was a few years ago.

• • • • • • •

Oats from the farm rarely drop below forty cents a bushel. Peas barley and corn are soaring away near the dollar mark, and hay below twelve dollars a ton is almost unknown, so that when the whole matter is summarized it will be found that the farmer produces less pasture and less feed on his farm than he ever did before; it will be found that he has to stable his cattle longer and feed them more expensive feed than he ever did in former years; it will also be found that he pays higher wages and has more difficulty to secure help than ever before; it will also be found that he has to pay more for his horses than at any previous time in the history of Canadian farming.

• • • • • •

It will also be found that every particle of feed which he purchases costs him a great deal more money than it ever did at any time since the producing of milk has become a business in this country.

• • • • • • •

It is quite natural that milk should go up in price and it is not high enough in price yet, and it is not as high in price as should be compared with other things.

• • • • • • •

Mayor Allan, if he were a drinking man, would have no hesitation in paying five cents for half a pint of beer, yet he kicks at paying nine cents for a full quart of milk.

• • • • • • •

Mayor Allan and his associates in the council, if they were drinking men, would have no hesitation in paying fifteen cents for a small glass of whiskey, but they hate like thunder to pay nine cents for a big quart of milk.

• • • • • • •

It does not cost nearly as much money to produce a quart of beer as it does a quart of milk and yet a quart of beer is willingly bought every day by thousands of people, at ten cents, while they kick like thunder at paying nine cents for a quart of good nutritious milk—why doesn't Mayor Allan start a campaign against the high cost of beer?

• • • • • • •

There is not one-tenth the nutriment in a glass of whiskey that there is in a glass of milk, yet Mayor Allan is willing to pay fifteen cents for a glass of whiskey and begrudges nine cents for a whole quart of milk.

• • • • • • •

Every man working in the International Harvester Company's plant is receiving high wages—very high wages—much higher wages than men working in similar plants ever received before. The officials of the International Harvester Company's plant receive big salaries—very big salaries—much higher salaries than men holding similar positions ever received before, yet all these mechanics and all these officials in the International Harvester Company's plant, in the City of Hamilton, are paid by the farmers and by nobody else.

• • • • • • •

Every single, solitary article manufactured in the enormous plant of the International Harvester Company is purchased by the farmers and purchased at high prices.

• • • • • • •

Now if the farmers must pay big wages to mechanics for making the articles used on the farm, and if farmers must pay the officials and implements used on the farm, and foreman big salaries for producing if farmers must pay shop keepers and clothiers and merchants of all kinds high prices for manufactured goods in order that the merchants and the working men and officials may have big wages and big salaries, then the farmers must get good prices for their produce when they sell it to the merchants and the officials and the mechanics, or else the farmer must go bust.

• • • • • • •

The fact of the matter is that I have studied the milk question from all its angles for the last ten years and I am of the candid opinion, and my opinion is backed up by personal practical knowledge, that milk is being sold too cheaply and the day will soon come when the cities will find that it will not be a question of price, but it will be a question of getting sufficient quantities at any price.

A Missouri Pacific agent in Arkansas tells the following: "A man presented himself at the ticket window and asked the fare to Atkins, Ark. I told him it was $3. He said he only had a $2 bill, but could easily raise the other dollar. When he returned with the three dollars and was asked hom he got the other dollar, he said: "I went to a pawnbroker and pawned the $2 bill for $1.50. Then I sold the pawn ticket for $1.50. While you are making out the ticket kindly tell me who is out the dollar." The agent afterwards said that he had wrestled with the 47th problem of Euclid, dragged through quadratics in algebra, worked on "How old is Ann," but the question was too much for him.

SUFFERED EVERYTHING

For Years, Restored To Health by Lydia E. Pinkham's Vegetable Compound.

Canadian women are continually writing us such letters as the two following, which are heartfelt expressions of gratitude for restored health:

Glanford Station, Ont.—"I have taken Lydia E. Pinkham's Vegetable Compound and never found any medicine to compare with it. I had ulcers and falling of womb and doctors did me no good. I suffered dreadfully for years until I began taking your medicine. I also recommend it for nervousness and indigestion." — Mrs. HENRY CLARK, Glanford Station. Ont

Chesterville, Ont. — "I heard your medicines highly praised, and a year ago I began taking them for falling of womb and ovarian trouble.

"My left side pained me all the time and just before my periods which were irregular and painful it would be worse. To sit down caused me pain and suffering and I would be so nervous sometimes that I could not bear to see any one or hear any one speak. Little specks would float before my eyes and I was always constipated.

"I cannot say too much for Lydia E. Pinkham's Vegetable Compound and Liver Pills, for there are no medicines like them. I have taken them and I recommend them to all women. You may publish this testimonial." — Mrs. STEPHEN J. MARTIN, Chesterville, Ontario, Canada.

AND

Cold-Sores

Are your hands chapped, cracked or sore? Have you "cold cracks" which open and bleed when the skin is drawn tight? Have you a cold sore, frost bite, chilblains, or a "raw" place, which at times makes it agony for you to go about your household duties? If so, Zam-Buk will give you relief, and will heal the frost-damaged skin. Anoint the sore places at night, Zam-Buk's rich healing essences will sink into the wounds, end the smarting, and will heal quickly.

Mrs. Yellen, of Portland, says: "My hands were so sore and cracked that it was agony to put them near water. When I did so they would smart and burn as if I had scalded them. I seemed quite unable to get relief from anything I put on them until I tried Zam-Buk, and it succeeded when all else had failed. It closed the big cracks, gave me ease, soothed the inflammation, and in a very short time healed my hands."

Zam-Buk also cures chafing, rashes, winter eczema, piles, ulcers, festering sores, sore heads and backs, abscesses, pimples, ring-worm, etc., cuts, burns, bruises, scalds, sprains. Of all druggists and stores, or post free from the Zam-Buk Co., Toronto. Price 50c a box.

THE WORLD'S WORK DEPENDS ON THE WORLD'S DIGESTION

From the captain of industry to the hod carrier—from milady in the auto to the woman with the scrubbing brush—the accomplishments of every one of us depend absolutely on the accomplishments of our stomachs. Backed by a good digestion, a man can give the best that is in him. When his stomach fails, he becomes a weakling.

To this loss of power no one need submit. Right habits of eating, drinking, sleeping and exercise, aided by Na-Dru-Co Dyspepsia Tablets, will restore and maintain the full efficiency of the human mind and body.

Na-Dru-Co Dyspepsia Tablets contain the active principles needed for the digestion of every kind of food. They go to the assistance of the weakened stomach, and enable the sufferer, right from the start, to assimilate and get the benefit of the food eaten. With this assistance, the digestive organs regain their tone, and soon the use of the tablets is no longer necessary.

If your stomach is not working properly, try Na-Dru-Co Dyspepsia Tablets, 50c. at your druggist's. National Drug and Chemical Co. of Canada, Limited, Montreal. 148

For Sale—I have a very large Rankin hot water incubator, capacity five hundred eggs, which I have not used for several years. Grimsby's small army of deer hunters has returned from the north and from all reports they all secured their complement. As near as we can figure, about all the deer in the north are coming to Grimsby. The stories are something wonderful and fearful to hear.

"A Nicht Wi' Burns" is the title of a lecture to be given in Winona Hall, on Friday evening, Nov. 28, by the noted Scotch lecturer, Mr. James Deans, M. A., assisted by Mrs. Symes, in Scotch songs.

For Sale or Exchange—80 acre stock and grain farm, one of the best in the district, about 4 miles from Grimsby, ¾ of a mile from railway station, stores, school and post office, large 2 storey frame dwelling, in good condition, lawn and shade trees, large bank barn, new drive househouse and implement shed, lots of water, everything in first class condition, will exchange for house and lot as part payment, price $5,500, terms to suit and possession at once. Swayze & Shepherd, The Real Estate Man, Grimsby, Ont.

Mr. C. E. Barr of Vinemount, had two very valuable young mares killed by the T. H. & B. a short time ago. They were pasturing next the railway and by some means the fence became broken down and the horses got on the track. The younger of the two was a valuable pure bred Clydesdale mare, that will be hard for Mr. Barr to replace. She was worth about three hundred dollars. The other one was a good brood mare, four years old, worth about two hundred and twenty-five dollars. Mr. Barr expects that the company will settle without any trouble.

A NECESSARY FOOD SUPPLY

Some comparisons of records indicate what infinitely better returns some dairymen obtain from their cows than do other owners of herds. One lot of milk testing 3.4, delivered at a factory last month was 21,580 pounds the yield of 20 cows in two herds. Two other herds also totalling 20 cows and producing 3.4 milk gave only 12,380 pounds during the same month. These are not extreme comparisons because in many known cases the test was lower and the total pounds of fat delivered would be consequently far lower. Apart however from the weight of fat and the monetary value of the milk, think of one group of 20 cows giving in one month four and a half tons of milk more than the other group.

It needs no stretch of imagination to picture the consternation there would be if Canadian cows in general were as poor as these twenty Ontario cows: people need milk, plenty of it, as a good, nutritious and cheap food in these days of high prices. But if poor cows with only low yields are kept, where would be this necessary and universally appreciated food supply?

Fortunately, through systematic cow testing, these comparisons are possible, so that an incentive is furnished to every owner of a poor herd to keep cows more worthy the name of 'dairy' cows. Simple records, easily kept, give definite information acting as guide posts to herds bred and fed for large yields.

RUNNING A PAPER

One of our constant readers, says an exchange, who evidently has a heart, contributes the following which touches the spot:

Jim Jones, he was an editor—that's
what he tried to be,
He bought himself a printing press
and started in to see
Just what there was in editing, but
when he'd canvassed round
Some fifteen hundred editors in that
same town he found.
They all knew more about it than he
could hope to know,
They told him: "You must run her,
Jones, and run her so and so.
Be sure and boom the Baptists—
they're sure to help you out,
And give the good old Methodists
a good salvation shout."
Give every man a notice—be sure
and let it be known
Whenever Major Jinks is seen perambulatin'' town.
Put in a few free locals for all the
stores and give
Away some free subscriptions if you
wish your sheet to live.
Well, Jones, he did just what they
said for fear they'd make a row,
But the more he tried to please 'em
the more they told him how,
Until at last he took his book and
laid it on the shelf.
Then ran the paper in the ground
and follered it himself.

NEW HOBBERLIN ELECTRIC SIGN GUIDES YOU TO BEST TAILORING IN CANADA

A Nobby Overcoat Is Appropriate for Xmas

Canada is a country where full value is received from a good, warm overcoat. An overcoat is not a luxury, it is a necessity. The trend is pronounced for Heavy Freize, Chinchilla, Wooltex and Fancy Heavy Woolen Coats that are as warm as fur, far more comfortable, and cost about one-fifth as much. Let us show you a sample with the popular shawl collar.

We have turned out some Hobberlin Overcoats that have been conspicuous for their style, comfy appearance and air of prosperity. Let us take your measure now and have it ready for you before or at Xmas.

Many of the moderate priced cloths of best pattern are exhausted, and the firm have reduced their best lines $5.00 on each coat, so that you can now get a grand coat at a decidedly moderate price.

Elbert Hubbard says of Hobberlin's: "You have the finest stock of materials that I ever saw gathered together under one roof."

A Legal Bond and Guarantee in the pocket of every Hobberlin Coat and Overcoat as to Cloth, Fit and Entire Satisfaction."

NATURAL GAS A CERTAINTY

(Continued from page 1)

ance, and present it to a meeting of citizens, to be held on Monday evening, Nov. 24, 1913. Carried.

The public meeting then adjourned to meet again in the Council Chambers, on Monday evening, Nov. 24, at 8 o'clock, to receive the report of the committee.

The committee appointed by the public meeting immediately met in the Council Chamber and appointed Jas. A. Livingston, Chairman.

The committee then went into a careful estimate of the cost of purchasing the leases of the four thousand acres of gas territory south west of Winslow and the seven flowing wells which have been drilled. They also estimated the cost of twelve miles of four inch pipe from the gas fields to the Queenston and Grimsby Stone Road. It was proposed to bring the gas main in a straight line north, from the gas fields through the Townships of Caistor, South Grimsby, North Grimsby and come down the Mountain at what is known as the "Harry Baker Side Road" a mile east of Grimsby Village then up the Queenston and Grimsby Stone Road to the Village and down the Queenston and Grimsby Stone Road to Grimsby Beach and Beamsville.

An estimate was also made of the cost of opening a trench for the laying of the pipe and covering it again for the twelve miles.

An estimate was made of the cost of laying a two-inch pipe from the trunk line to the Village of Smithville and the cost of service pipe and installation in Smithville.

An estimate was also made of the cost of installing pipe on the streets of Grimsby and the cost of metres for Grimsby, Smithville, etc.

Then the matter of estimating the possible sale of gas in Grimsby and Smithville, was taken up, and an estimate made of the prospective annual receipts, also an estimate was made of the cost of maintaining and running the Plant.

After a careful estimate had been made of all possible expenses it was decided by the committee that it would be necessary to sell fifty thousand dollars worth of stock to purchase the gas field and install a service in Smithville and Grimsby, and if the line were extended to Grimsby Beach and Beamsville, additional capital would have to be secured.

It was then decided to prepare a stock sheet at once and allow Messrs. Hill and Melick to take it home with them and commence selling stock right away, and report their progress at the next meeting to be held in the Council Chambers on Monday, Nov. 24.

Mr. Jas. A. Livingston was instructed to have Mr. G. B. MacConachie prepare stock sheets immediately.

The name of the new Company will be The Grimsby Gas Company. The amount of capital will be a hundred thousand dollars. The amount to be subscribed immediately will be fifty thousand dollars.

Messrs Hill and Melick believe that they can secure twenty-five thousand dollars of stock south of the Twenty, and they will look to the citizens of Grimsby, Smithville, Beamsville and the surrounding country to supply the other twenty-five thousand.

If sufficient stock is subscribed within the next week, a charter will be applied for and the work of purchasing supplies and laying the mains will be commenced just as quickly as possible.

The public is cordially invited to attend the next meeting on Nov. 24 and all those interested in the progress of this part of the country are invited to subscribe for stock in the company, to any amount which they can afford.

The stock sheets were prepared Tuesday morning and Messrs Hill & Melick took them home with them.

GRIMSBY BOY IS MAKING GOOD

"Mim" Seeor, is Now the Sole Owner of the Simpson Garment Co's Store in Wausau, Wis.

A few years ago a young man walked out of Hawke's store, Grimsby, where he had been working for several years and made the announcement that he was going to Chicago, Ill and shift for himself. That young boy was Malcolm M. Secor, son of Mr. and Mrs. Geo. Secor of Grimsby, better known in Grimsby as "Mim" and today he is the proprietor of a large store for women in Wausau, Wis., one of the biggest and busiest cities in that state.

We see by the Wausau, (Wis.) Daily Record-Herald, that "Mim" has acquired complete control of the big Simpson Garmet Co.'s store in that city and that he will conduct it along broader and bigger lines than ever.

"Mim" went to Chicago when he left Grimsby and for a time was connected with thebig store of Seigle-Cooper, but left there to take up a position with a big store in Kankakee, Ill., as chief buyer, later going to Wausau, Wis., where he was chief buyer for the Simpson Co. and later part owner and now he is the sole owner of the store.

"Mim" is only another case of a Grimsby boy making good. He has done so and with a vengeance.

Congratulations from all your friends in the "Old Town," "Mim" and may you continue to prosper.

A VICTIM OF THE GREAT LAKES STORM

Mail Matter Post Marked From GRIMSBY, Found in Detroit Post Office For One of the Victims.

The monstrous hurricane that swept the Great Lakes, on Sunday, Nov. 9, claimed many victims, one of whom at some time or other lived in Grimsby or was known here.

The Government has taken charge of all mail matter that was in the post offices at the different ports along the lakes addressed to the people who were on the ill-fatel steamers.

In the Detroit post office was found a couple of letters addressed to Miss Cindrella Egan and postmarked Grimsby.

After interviewing Postmaster Forbes and other prominent men in Grimsby, the INDEPENDENT has been unable to locate anyone of that name in Grimsby, or unable to find out if there ever was anyone by that name in this district.

The lady was one of the crew of the giant steamer, the James Carruthers.

Any information will be gladly received by the INDEPENDENT.

ANOTHER PAPER TO BE PUBLISHED IN GRIMSBY

At 4.30 on Tuesday, Nov. 18, 1913, the first number of another paper secured by the INDEPENDENT office, Grimsby, namely THE CANADIAN POULTRY NEWS, was run off.

This paper was lately purchased by Jas. A. Livingston & Sons from the former owners in Wiarton, Ont., and will be published in Grimsby in the future.

This makes four papers which are published in the office of THE GRIMSBY INDEPENDENT, as follows:

The old reliable, GRIMSBY INDEPENDENT.

THE CANADIAN SPORTSMAN, the only horse paper in Canada.

THE FRUIT GROWER & FARMER the only weekly of its kind in Canada.

THE CANADIAN POULTRY NEWS, devoted entirely to the poultry industry.

THE CANADIAN POULTRY NEWS will be issued twice a month during the winter months and once a month during the balance of the year.

The subscription price will be fifty cents per year in advance, or one dollar for three years.

All orders for the Poultry Paper should be addressed to the CANADIAN POULTRY NEWS, GRIMSBY, ONT.

GRAND CONCERT

A grand concert will be held in Snetsinger's Hall, tomorrow night, Thursday, Nov. 20, by the All-Star Concert Company of Hamilton.

The company is composed of Mr. Royden C. Mills, soloist of Central Presbyterian church, Hamilton and considered one of Hamilton's best tenor singers.

Miss Esther Horne, contralto soloist of Central Presbyterian church, Hamilton, is claimed to be one best contralto singers in Canada.

Mr. Walter E. Peacock, baritone, needs no introduction to Grimsby people as he has appeared here on several occasions at band concerts and we feel sure he will please again as he has in the past.

Miss Clara Salisbury is an elocutionist of merit and comes to Grimsby very highly yrecommended.

The pianist, Miss Hazel Burton is well known in and around Grimsby, as she has been organist of the Grimsby Methodist church for the past three years.

Something exceptional is being offered in the way of an entertainment by this company and they should be liberally supported.

All seats are reserved at twenty-five and thirty-five cents. Plan at Miller's.

Auction Sale—Mr. G. W. Gatacre, living one mile east of Grassies, on what is known as the old Matthew Blanchard farm, has decided to give up farming and move to the city and he will hold an auction sale of all his farm stock and implements, hay and grain, on Friday, Nov. 28, 1913. The bills will be out in a few days. Jas. A. Livingston, auctioneer.

By-Law No. 296

Of The Village of Grimsby

A By-law to raise by way of loan on the Debentures of the Village of Grimsby a sum of money amounting to one thousand eight hundred and seventy-five dollars to be expended in the purchase of a site for the location of the Buildings and Plant of the Pelee Island Wine and Vineyard Company.

Whereas the Pelee Island Wine and Vineyard Company have applied to the Municipal Council of the Village of Grimsby for a site upon which they propose to erect, install and equip a first class modern wine factory in the Village of Grimsby and to spend for plant and buildings, exclusive of the cost of site, not less than the sum of thirty thousand dollars and agree to employ the necessary number of hands for such a factory.

And whereas the Corporation of the Village of Grimsby are desirous of having the said industry located within the Village limits and agree to dedicate to the said Company a parcel of land on the North side of Livingston Ave., containing about two and one-half acres, and to extend the water main and furnish water at the same rate as is paid for factory purposes in Brantford and also agree to permit the said Company to lay down the necessary switches to connect the site with the H. G & B. Railway—and to fix the assessment on the property of the Company at the sum of $5,000 for a period of ten years.

And whereas the said Company agree to keep their factory in a first class sanitary condition by the disposal of all refuse from the said factory.

And whereas it would be a public benefit to have in operation such an industry as the said Company propose to establish.

And whereas it is necessary in order to purchase the said site to borrow the sum of $1,875 and to issue Debentures of the said Corporation therefore.

And whereas the whole rateable property of the Village of Grimsby, according to the last revised assessment roll, is $866,306.00.

And whereas the existing Debenture Debt of the said Village exclusive of local improvements and of debts secured by funds invested is $79,277.69, and no principal or interest in arrears.

And whereas it will require the sum of $445.12 to be raised annually for a period of five years to pay the said debt and interest as set out in the following schedule:

Schedule

Debentures.	Prin.	Int.	Amount.
No. 1	$332.62	$112.50	$445.12
No. 2	352.58	92.54	445.12
No. 3	373.73	71.39	445.12
No. 4	396.15	48.97	445.12
No. 5	419.92	25.20	445.12
	$1875.00	$350.60	$2225.60

Therefore the Municipal Council of the Village of Grimsby enacts as follows:

That it shall be lawful for the Reeve of the Village of Grimsby to cause to be raised by way of loan from any person or persons, body or bodies corporate who may be willing to advance the same upon the credit of the Debentures herein before mentioned, a sum of money not exceeding on the whole $1,875.00 and cause the same to be paid into the hands of the Treasurer of the said Village for the purpose aforesaid. The said debentures to be sealed with the corporate seal of the said Village and signed by the Reeve and Treasurer thereof. The said debentures shall be made payable at the office of the Village Treasurer on the 15th day of December in each of the five years commencing with the year 1914. The amount of each Debenture including interest at the rate of six per cent per annum to be as per schedule before mentioned, viz $445.12, and to be dated on the day of the date of the passing of this By-law by the Council.

For the purpose of paying said debentures a special rate sufficient for the purpose shall in addition to all other rates be assessed, levied and collected in each year on all rateable property of the said Municipality if necessary, during the continuance of said Debentures, or any of them except said Debentures shall be sooner paid.

The votes of the duly qualified electors entitled to vote on this By-law shall be taken on the 21st day of November, 1913, between the hours of 9 o'clock in the forenoon and 5 o'clock in the afternoon of the same day by the Deputy Returning Officers and at the place in the several Polling Sub-Divisions hereinafter mentioned.

For Div. No. 1, at the office of the Grimsby chopping mills on the west side of Ontario St., in the said Village of Grimsby. For Div. No. 2 at the Council Chambers, north side of Main St. in the said Village of Grimsby and for Div. No. 3 at the office of D. E. Swayzie on the south side of Main St. in the said Village of Grimsby. The following persons shall be Deputy Returning Officers and Poll Clerks for taking of votes at the said polling places:

For Div. No. 1, W. F. Clark, D.R.O., and Fred Lane, Poll Clerk.

For Div. No. 2, C. H. Kirk, D.R.O., and John Blair, Poll Clerk.

For Div. No. 3, G. E Alexander, D.R.O. and Fred Shepherd, Poll Clerk

On the 14th day of November, 1913, at 10 o'clock in the forenoon shall be the day and hour and the Council Chamber in the said Village the place where the Reeve shall attend to appoint persons to attend at the various places and at the final summing up of the votes by the Clerk on behalf of the persons interested in promoting or opposing the passing of the By-Law.

On the 22nd day of November, 1913, at 10 o'clock in the forenoon shall be the day and hour and the Council Chamber the place where the Clerk shall sum up the number of votes given for and against the By-law.

Read a first and second time at a meeting of the Village Council on Monday the 27th day of October, 1913.

Jas. Brodie, Clerk.

NOTICE

Take notice that the above is a true copy of a By-law which has been taken into consideration and which will be finally passed by the Council of the Municipality of the Village of Grimsby in the event of the assent of the duly qualified electors being obtained thereto after one month from the first publication thereof in the GRIMSBY INDEPENDENT newspaper, the which first publication was on Wednesday, the 29th day of October, 1913 and that the votes of the duly qualified electors of the said Village will be taken thereon on the day and at the hours and places therein fixed.

NEW CONVENIENT TRAIN TO WINNIPEG
CANADIAN PACIFIC

The popularity of Canadian Pacific service, and the excellence of that road's equipment, has been so greatly appreciated by the travelling public that it has been found necessary to put into service an entirely new Through Standard Express Train between Toronto and Winnipeg.

Commencing Sunday, Octobre 26, the "Gate City Express" will leave Toronto at 2:30 p.m. and will run daily thereafter, arriving Winnipeg at 8.00 a.m. second morning. The train will consist of the highest-class modern equipment: Compartment Library Observation Car, Standard Sleeping Cars, Tourist Sleeping Car, Dining Car, First-class Coach and Colonist Car. This will be found the most convenient and best train between Toronto and Winnipeg on account of the daylight departure from Toronto at an hour when the Union Station is not badly congested, and also on account of the early hour of arrival at Winnipeg.

The present "Vancouver Express" will continue to leave Toronto at 10.20 p.m. daily and will consist of the same equipment as the "Gate City Express." This train is the best to take for points west of Winnipeg, but for Winnipeg and east the "Gate City Express" is the right train to travel by.

Full particulars from any Canadian Pacific Agent or write M. G. Murphy, District Passenger Agent, Toronto.

HAIR HINTS
Worthy the Attention of People Who Wish to Preserve The Hair

Always have your own brush and comb at home or at hair dresser's.

Never use a brush or comb found in public places, they are usually covered with dandruff germs.

Wash your hair brush weekly with soap and warm water to which may be added an antiseptic.

Shampoo the hair every week or so with pure soap and water.

Use Parisian Sage every day, rubbing thoroughly into the scalp.

Parisian Sage, which comes in a large 50 cent bottle, is guaranteed by The W. M. Stewart Drug Co. to destroy dandruff germs and abolish dandruff—to stop hair from falling and scalp from itching, or money refunded.

To put life and beauty into dull, dry or faded hair and make it soft and fluffy surely use Parisian Sage—it is one of the quickest acting hair tonics known.

THE OVERCOAT GAME

There is a whole heap of excitement in connection with the selling of overcoats. It commences away back six months before the season opens You have to order your cloths in the old country, and then hold off your styles until the last minute, to find out what is right in New York City, and then see what the other fellows have, when they all start showing, and shake hands with yourself if you lick them out. This business of pulling off the best clothing styles in Hamilton, it's a way we have and even if we tried, we couldn't get it out of our systems to save our hides, and we're some considerable stuck on our hides. So you see it is a matter of impossibility for us to fall down on the overcoat proposition.

BLACKHEATH WOMEN'S INSTITUTE

The November meeting of the Blackheath Women's Institute, held at the home of Mrs. Alex. Harris, at Tyneside, on Wednesday afternoon, Nov. 12. Owing to the muddy condition of the roads only a few members were present, but quite a large number of visitors, making an attendance of 18. The meeting, which was presided over by the Vice-president, Miss Hanson, in the absence of the President, was opened by singing "Blest be the Tie That Binds." A number of subjects for next year's program were handed in and a committee composed of the President, Secretary, Mrs. E. Harrison and Miss N. Blain, was appointed to prepare the program for 1914. Mrs. Alex Harris and Miss J. Blair were appointed as delegates to the annual convention at Toronto on November 20 and 21.

The roll call had to be answered by something helpful and was responded to by some very useful ideas. As the program was limited, owing to the absent members who were to have taken part, some of the friends were called upon and Mrs. Angus Dalgleish kindly sand a pleasing solo, proving herself a friend in need. Miss Jennie Blair gave a paper on "Fruits and Their Food Value," and Miss Hanson gave an instructive talk on Government Annuities, followed by a discussion, showing that a few dollars invested in early life will insure some income in old age. After singing "God be With You," the hostess served a dainty lunch and a pleasant social hour was enjoyed by all.

"MY KIDNEYS HURT ME ALL THE TIME"
Gin Pills Cured Them. Free Sample Box Leads to Cure.

Only those who have been tortured with Kidney Trouble can appreciate how Mr. Trumper suffered. Being a railroad man, he was called upon to do all kind of heavy work. The constant strain of lifting, weakened the kidneys.

I received the sample box of Gin Pills and was greatly benefitted by them. My kidneys were in such bad condition I could not lift or stoop without pain. In fact, they pained me nearly all the time. I have taken three boxes of Gin Pills, working all the time at heavy work on the railroad and did not lose a day.

Remember the poultry show.

Mrs. Walter Culp, who was operated on last week at the City Hospital, Hamilton, is getting on nicely.

O. E. Henry and son Harold of Toronto, are in town.

Jas. Culp has returned from a duck shooting expedition near Lindsay.

The services in the Methodist church on Sunday evening in connection with the Bible Society, were well attended.

Cyrus Culp is confined to the house through illness.

The combined annual meeting of the Louth and Clinton branches of the Women's Institute was held at the home of Mrs. Rittenhouse, Jordan Harbor, on Tuesday. There was a large attendance from here.

The concert given in the Town Hall on Tuesday evening under the auspices of the Ladies Guild of St. Alban's church, was largely attended.

The deer hunters who went to Parry Sound returned on Thursday last, and all were fortunate.

The ladies of the Baptist church intend holding a sale of work in the Reception Hall on Thursday afternoon and evening.

IN MEMORIAM

In saddest memory of Lorne Dennis, who departed this life on Nov. 18, 1911.

Had I but seen him at the last,
And watched his dying bed,
Or heard the last sigh of his heart,
Or watched his drooping head,
My heart, I think, would not have felt
Such bitterness and grief;
But God had ordered otherwise,
And now he rests in peace.

The fairest flowers are first to fall,
The sweetest first to fade;
The fondest, dearest, best of all,
Within the grave is laid.

When on that day the Master came,
And from amongst his flowers
He came to gather violets,
The day he gathered ours.

A golden gate was opened,
A gentle voice said "Come,"
And with farewells unspoken,
Our darling entered home.

CAISTOR PLOWING MATCH

Many hundreds of years have passed since Hessiod said, "Let the ploughman attend to his charge and look before him; not turn aside to look on his associates, but make straight furrows and have his mind attentive to his work." Had this philosopher of centuries ago been in the flesh and attended the plowing match in Caistor he would have seen men and boys living up to his precepts. When a flock of wild geese flew over the field with their incessant "Honk", "Honk", not one of these ploughmen looked up and it would have been the same had the air been full of balloons, or flying machines, so attentive were they at their work.

Good ploughing is the most essential requisite to successful farming, and ploughing matches have done more to develope and stimulate agriculture than all other societies combined. A man who is an expert ploughman gets into the habit of training his hand with the mind, consequently whatever he puts his hands to do is done in a thorough and workmanlike manner. In the townships where these matches are held, you invariably see straight furrows and well tilled fields and other contiguous townships too, are benefited for the spirit of emulation is abroad. To be a good ploughman has a spiritual and moral uplift, for he remembers that declaration "No man having put his hand to the plough and looking back is fit for the Kingdom of Heaven." When a man gets up at five o'clock in the morning, tends to his team and other chores; in the field at seven, then ploughs until six with his mind on his work; then to have a good night's sleep he has not had much time for evil thoughts or to have committed any great sin.

Being in a reminicent mood will have more to say next week re old time matches in this and other townships.

TAPLEYTOWN

Sunday last threatened early indication of winter when the ground was robed in white, but suddenly it changed to three days' rain, which has completely stopped the plow, while some roots are yet in the fields.

The forty-second annual plowing match of the Saltfleet Society was held on the farm of Mr. Awry Penfold on Wednesday, the fifth of November. Fortunately, the weather conditions were ideal. At the hour appointed for work, 27 farmers with their teams began, it being the largest turnout for many years and the work was well done considering the condition of the ground. The large crowd of spectators present showed the interest taken to encourage the young men in their farm work at their homes, which is a good occupation. any mail delivered

GUELPH WINTER FAIR

The horse show at the Ontario Provincial Winter fair to be held at Guelph, Dec. 9 to 12, promises to be larger and better than ever. The Canadian Clydesdale Association having increased their grant by $200, a class has been added for three year old mares in both the open and Canadian bred departments. This will, no doubt, result in a large increase in the numbers of entries of Clydesdale mares, both imported and Canadian-bred as heretofore the three year old has had to compete with the mature mares which placed them at a certain disadvantage.

In the case of Percherons which were given a classification for the first time in 1912 when all stallions three years old and over, were obliged to compete together, This year a class has been provided for three-year-olds and one for four-year olds and over.

In addition, special prizes are being offered for Shires, Hackneys and ponies by admirers or societies representing the several breeds.

A host of specials is being offered by different County Councils for Amateur exhibitors from their several counties. These specials include the Counties of Brant, Wellington, Halton, York, Waterloo, Grey, Huron and Lambton. A prize list will be furnished on application to R. W. Wade, Secretary, Parilamnet Buildings, Toronto.

VITALITY REGAINED KIDNEYS CURED

Health Restored By "Fruit-a-tives"

HAGERSVILLE, ONT., Aug. 26th. 1913.

"About two years ago, I found my health in a very bad state. My kidneys and liver were not doing their work, and I became all run-down. I felt the need of some good remedy, and having seen "Fruit-a-tives" advertised, I decided to try them.

Their effect, I found more than satisfactory. Their action was mild and the results all that could have been expected.

My liver and kidneys resumed their normal action after I had taken upwards of a dozen boxes, and I regained my old time vitality. Today, I am as well as ever, the best health I have ever enjoyed, and I unhesitatingly give you this testimonial for publication if you wish"

B. A. KELLY.

In hundreds of letters received by the Fruit-a-tives Company, the same expression is used "Fruit-a-tives is the best kidney remedy in the world". At any rate, these tablets have proved the best to the hundreds of men and women who have been cured by taking them. 50c a box, 6 for $2.50, trial size, 25c. At all dealers or sent on receipt of price by Fruit-a-tives Limited, Ottawa.

Facts in Nature

FOR centuries it has been known that Nature's most valuable health giving agents for the cure of disease are found in our American forests. Over forty years ago Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute at Buffalo, N.Y., used the powdered extracts as well as the liquid extracts of native medicinal plants, such as Bloodroot and Queen's root, Golden Seal and Stone root, Cherry bark and Mandrake, for the cure of blood diseases. This prescription as put up in liquid form was called

DR. PIERCE'S
Golden Medical Discovery

and has enjoyed a large sale for all these years in every drug store in the land. You can now obtain the powdered extract in sugar-coated tablet form of your medicine dealer, or send 50c in one-cent postage stamps for trial box to Dr. Pierce's Invalids' Hotel, Buffalo, N.Y., and tablets will be mailed, postage prepaid.

The "Golden Medical Discovery" makes rich, red blood, invigorates the stomach, liver and bowels and through them the whole system. Skin affections, blotches, boils, pimples and eruptions—result of bad blood—are eradicated by this alterative extract—as thousands have testified.

Send 50 one-cent stamps to pay cost of mailing only on a free copy of Dr. Pierce's Common Sense Medical Adviser, 1008 pages, clothbound

MEN! Do you see that illustration? Do you see that man? Do you see that store? Do you know what he's going to do? He's going to Begg & Shannon's Saturday morning bright and early and he' going to buy an Overcoat at a price that he'll never forget.

¶ Don't think that all the wonders of the world are in Europe! One wonder will be unveiled Saturday morning right here in Hamilton at our store, that will out-wonder any feat of value-giving within the memory of man.

¶ What you will see Saturday will likely **never** happen again. It never has happened before.

¶ Actual $10, $15, $20, $25 coats will be cleared right out of stock at $6.90, $9.90 and $14.90. Only those fortunate enough to be here Saturday will realize that something tremendous in the form of Overcoat activity has struck Hamilton just when Hamilton needs it most.

BEGG & SHANNON

Opportunity knocks at every man's door, but it does not pick the lock. You must be awake to hear it. Now then, listen! Here is its call:

OVERCOAT
OPPORTUNITY
OF A LIFE TIME

Men's $20 Fur Collared Overcoats

$14.90

Made from an extra good quality of black beaver and lined with a heavy quilted satin or plush, and interlined with rubber, which makes it practically wind proof. Deep shawl collar of soft, lustrous German otter fur. A royal snap for some lucky fellows.

Saturday morning we knock to smithereens every record for low prices ever established. We will sell about 1000 overcoats (as specified below) at prices never before attempted! How we secured this enormous purchase cannot be stated here. Neither need it be. Our reputation must enter into consideration when we lay ourselves open by making this sweeping statement: That Saturday we offer to the men of Grimsby the greatest price reductions in Overcoats ever offered since Overcoats were worn (which is a long time.)

Men's Overcoats

$6.90

Instead of $10 and $12

Here are garments of Standard fabrics, every one this winter's latest cut; handsome models designed to button high about the neck in stormy weather; may be worn in regular coat style. Made from all-wool friezes, tweeds and Scotch cloths; good strong serge linings. You will find here an assortment of Overcoats for your selection that cannot be duplicated in Hamilton under $10. On sale Saturday for only $6.90.

Men's Overcoats

$9.90

Instead of $15 and $18

In this assortment you may choose from Overcoats which reflect years of experience in fine Overcoat making. Included are Meltons, Kerseys, soft wooly Shetland Cloths and Tweeds, in plain black, light and dark greys, brown and tan colorings; made up in Chesterfields, fly front and button through models, and single and double-breasted convertable shawl collar coats, with and without belt on back Splendid all-wool serge linings These coats are easily worth the regular price of $15 and $18. Saturday you may buy them for $9.90.

Men's Overcoats

$14.90

Instead of $20 and $25

Overcoats in assortments that few stores can equal. Styles, fabrics, and workmanship that command the admiration of the most particular men There are single and double breasted Ulsters with convertible shawl collars; belted models, Chesterfields all-wool black raw edge melton coats, self back satin shield coats, with patch pockets

FABRICS—The finest imported weaves, in beautiful brown and grey chinchilla cloths, rich soft Shetland cloths, in greys; browns and tans; also plain black melton and kersey cloths
